TAHITIAN NONI® JUICE

TAHITIAN NONI® Juice. The Morinda citrifolia plant has been recognized in French Polynesia for thousands of years for its beneficial properties. In this century, scientists have shown that this amazing plant can help support the immune system, assist hormones that coordinate bodily function and help cells absorb nutrients. TAHITIAN NONI juice is made from pure Morinda citrifolia fruit juice, not from dried or powdered noni fruit. Our proprietary production and flavoring process ensure that all the beneficial properties of the Morinda citrifolia fruit are optimized in every bottle. Our proprietary flavoring system, using other natural fruit juices, gives TAHITIAN NONI juice a smooth, pleasant taste. The unique 1 liter (33 oz.) glass bottle is patented for the best, most bio-available source of active ingredients found in the Morinda citrifolia fruit. Leading scientists endorse our product and we are the only company in the world to maintain a full-time lab to study Morinda citrifolia. Kosher TAHITIAN NONI juice is available too!

TAHITIAN NONI® Juice Handi-Pack. Don't miss out on your TAHITIAN NONI Juice because you are traveling, or can't carry and refrigerate your daily supply. The new TAHITIAN NONI Juice Handi-Pack comes in a convenient, easy-to-carry 8.3 ounce / 250 ml pouch. The foil pouches can go anywhere you can with no refrigeration necessary. If necessary, the Handi-Pack pouches can be re-sealed and refrigerated for extended freshness. The Handi-Pack includes a useful sipping top that eliminates the need to find a cup or glass; just sip and go.

TAHITIAN NONI® Juice Flask. A perfect way for you to take TAHITIAN NONI Juice with you. Specially designed to help you measure out exact amounts with built-in dispenser. Holds up to 8 ounces.

TAHITIAN NONI® Fiber Complex. Our unique proprietary formulation gives you what other fiber products can't. TAHITIAN NONI® Fiber Complex is the most simple and convenient way to provide your body with the essential fiber it needs to decrease the risk of disease and weight gain, and to maintain overall health. The pleasing orange flavor of TAHITIAN NONI® Fiber Complex makes your daily dose of nutritional fiber a welcome substitute for gritty and bitter-tasting fiber supplements. Soluble and insoluble fiber (both present in TAHITIAN NONI® Fiber Complex) are vital components of a healthy regimen, supplying non-digestible, non-absorbable carbohydrate material that slows down the assimilation of sugars into the blood stream, which mean reduced fat production, since excess sugars are often converted to fat. Featured Ingredients: Morinda citrifolia fruit fiber, psyllium husk fiber, orange pectin and pulp fiber, gum arabic, Inulin, oat and Oat-Trim™ fiber, and pea fiber. Available in a 15.8 ounce canister:

- Contains 13 different sources of natural fiber

Morinda citrifolia. It utilizes the acidity in the stomach to ensure proper digestion and bioavailability of its ingredients.

HoA 2: The 37 different ingredients in this capsule bypass your stomach and release in your intestinal tract, where they are better assimilated into your body. This capsule contains ingredients such as vitamins, minerals, and a set of essential B vitamins that are critical in releasing energy from food. The SmartCaps™ Technology protects the contents from reacting to other nutrients, foods, or gastric acids, allowing it to pass through the stomach without being dissolved.

- Lowers blood cholesterol levels
- Aids in digestion
- Speeds up the transit time in the digestive tract
